Dragon '52

R.L. Smith

Rt 4, Box 360
Falla,

Foreword

To you, fellow students, we present this 1952
DRAGON'S DEN as a picture of the life we have
been living----joyous and irresponsible, yet tinged
with seriousness and sincerity.

May it recall the sacred traditions of the past, and
remind us of the challenges of the future.

If in later years, it helps you to live again the happy
days at Greenwood School, the joy of service will
have been ours.

Class History

On September Day, twelve years ago, a group of nine boys and girls found their way into the first grade room. Miss Lawrence guided them through the first year of getting acclimated with school. Included in this group were Elizabeth, Barbara, and Negetha Pittman, Betty Jo Mitchell, Sara Lindham, and Dorothy Bremer. We worked hard, played together, and learned to get along with one another. After Christmas we had to go to school in the Smith Mansion because our school building had burned during the holidays.

The second year we returned with bright, glowing smiles except Negetha, who moved to Macon City. This was a successful year with Miss Margaret Turner as our teacher.

In the third grade we went to our new school building. Although it was not completed, we were very proud of it. Negetha Pittman, Harold Jensen, and Robert Cover joined our class this year.

During the fourth year we had three teachers--Mrs. Carleton, Mrs. Hughes, and Miss Willis.

Miss Shirley Turner taught us in the fifth and sixth grades.

In the seventh grade how happy, yet how awed we were to be in the hands of Mr. W. C. Burdeshaw was our principal.

Our eighth year was a successful one also. We were joined by Jo Negetha from Poplar Springs.

The ninth year was to be even more marvelous than any before. As we walked into the room, we found quite a few new pupils. These included the newcomers, Vera Lee Carter, Roy Darden, Louise Mitchell, John Jackson, Christine and Laver McFout, Bruce Cline, and R. C. Poole, all from Poplar Springs. Howard Lee, Shirley Lee, and Billy Oswell were from Central. So many really began to face new, interest since our class was now a big one. Mr. C. W. Bryan was our new principal.

In the tenth grade, Mr. Bryan was again our principal. Kenneth Davis and Jack Pierce joined our class this year.

As of this year we finished sailing as juniors under the direction of our new principal, Mr. Denny. Jerry Love joined us this year. Our last play, "Call Me Brother", directed by Miss Baylert, was a great success. Then ever began to face in the thrilling preparation for our Junior-Senior Banquet, sponsored by Mrs. Janice Allen. It was, also, during this year that we received our class rings.

We began the twelfth year with our same principal, and a new sponsor, Mrs. Peter V. Bell, a senior lady brought some privileges. We are very proud of our latest class, which consists of twelve boys and twelve girls.

We are publishing our edition of "The Dragon's Den" and know it will bring back many pleasant memories as we turn each page.

The class of '52 is looking forward to the great future that lies ahead of us. Some will go to college, others will accept jobs, and still others will enter married life. It has been a wonderful school life, and now as we near the top of the path, we feel sure these twelve years will be a benefit and will make the going easier for each one of us.

Basketball Team

Barbara Pittman. A tall, even-tempered forward with four years of basketball experience, who is "arsenic" on over-head shots and is a good pivot player.

Ann Brooks. Varsity player since she was in the ninth grade--fast, dependable with a good one hand shot--A good all-round player.

Josie Tipton. Her small size is misleading, she is fast as greased lightning, accurate on long and short shots, and has a knack of being where the ball is.

Sarah Matthews. The kind of forward that gives guards trouble--she shoots from "way back"--shows plenty of promise.

Shirley Lawrence: A fast, aggressive forward who shows promise.

Lavada Mercer. A ninth grader, who has both accuracy and speed, and she shows promise of becoming an excellent player.

Christine Powell. A varsity player for three years, tall, alert, and dependable--has plenty of spirit.

Shirley Logan. Another three-year varsity player--even-tempered, dependable--a good all-round guard.

Betty Ruth Croft. A tenth grader, making the varsity in the 9th grade--and extremely fast, aggressive guard, who would be a credit to anybody's team.

Mary Willis. A player who is literally "on the ball"--very good at breaking up passes--a good guard.

Effie Clara Conrad. A dependable, even-tempered guard with the height it takes to guard the big ones.

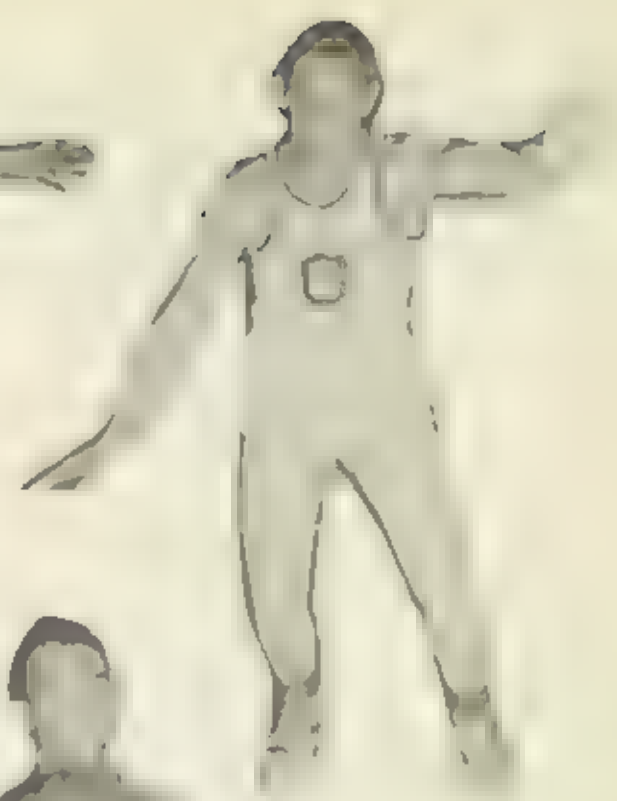

Verlie Faye Duce: A sophomore with lots of pep and ability--a good defensive player.

Basketball Squad

Joe Neal Beadle: Senior, six feet-two inches, now playing in his second year as the "Dragon's" regular center, and he is improving day by day. His daily practice and desire to keep in perfect condition will make him one of the best centers in Northwest Florida.

Kenneth Davis: Senior, five feet-nine inches, the smallest man on the squad, but where there is lack of size there is greater use of brain. His speed is a threat to any opponent who relaxes on his heels.

Edwin Duce: Senior, five feet-nine and one-half inches, a very good sport, is plenty fast and is always there fighting when the chips are down. His ability to dribble causes the enemy plenty of trouble.

Edward Earl Hunt: Junior, six feet-one and one-half inches, the latest man on the squad, a size which sometimes proves to be a handicap. Though considered to be the seventh man on the squad, he keeps right on fighting for a regular position. He will see a lot of service before the season is over.

Harold Jensen: Senior, six feet-one-half inches, this is his first year up for the Varsity squad. He had a good season with the "B" group last year, and that experience should prove to be of much value to him as the season goes by. At the present he is holding a regular position as guard.

"Buck" Pierce: Senior, six feet-two inches, now holding down a forward position. Last year he had a good season, and should be even better this season.

R. C. Poole: Senior, five feet-eleven inches, shifted to forward as an effort to improve the team, and that change seems to have helped. Up to the present time he has done a bang-up job at the position. He should improve as the season goes by.
